## Love Wirral

The Magazine of Choice  
for Businesses in Wirral.

Dear Friends,  
**Welcome to our  
8th Birthday Edition!**

We are celebrating our 8th birthday this month... I can tell you that it has come around so quickly!

We regularly receive lovely feedback from you by email, telephone and in person when we are out delivering!

We would like to thank our advertisers, especially our regulars, for their continued support - without them there wouldn't be a magazine!

**Love Wirral** magazine is all about promoting our lovely part of the country! It's important that we use our local tradespeople and shops to keep it that way. Check out our advertisers offers and have a lovely "**Valentines Day**"

Our advertisers are quality, local and reliable tradespeople offering great services at affordable prices! Using local businesses means they can invest in our area - keeping our **Wirral** such a great place to live and work!

Look out for us on the road in our **Love Wirral & Chester** van and maybe you might like to advertise in our magazine **Love Chester**. Call us! and keep up to date with us on facebook and our facebook group, twitter & visit us at:

# DO YOU KNOW?

1. Stealing someone else's idea without realizing you've done so is called "kleptomnesia."
2. Afghanistan has been invaded by Greek, Arab, Mongol, Mughal, Persian, British, Sikh and Soviet forces. No invader has been able to control all of its regions at the same time.
3. Upon opening his crypt this year, Salvador Dali's famous moustache remained in a perfect state after 28 years.
4. Charles Darwin was the first to put wheels on an office chair, creating the modern office chair.
5.  The artist formerly known as Prince was obsessed with lavender and that's how you knew he was entering a room: you would smell the lavender.
6. The hum that comes from mains electricity provides forensic scientists with a date and time stamp on audio recordings.
7. Dragonflies can get fat. They then become less successful at finding a mate.
8. The Eskimo kiss –rubbing noses– is not a kiss. It's called a "kunik" and is an expression of affection, usually from an adult to its child. The Inuit kiss on the lips like everyone else.
9. Notre Dame, one of Paris' oldest edifices, was almost demolished in the 19th century and was only saved by Victor Hugo, who planted it back in the public's hearts and consciousness through his novel.
10. The rubber tree isn't the only plant with rubbery sap, but it is the only one that produces more latex each time it is cut because the wound stimulates its rate of photosynthesis.
11. By the fifth century AD, Rome had around 900 public baths.
12. If you tickle a rat every day, it'll start laughing as soon as it sees you.

*Big Enough To Manage — Small Enough To Care*

## Dear Residents

At Sherlock Estate Management we specialise in the day to day running of apartment blocks, large and small both locally and throughout the region. We are a friendly company and have been established since 1986 in the centre of Liscard, which is located in Wallasey, Wirral.

We are pleased to have an opportunity to offer you our services as estate managers. We do appreciate considering a management company can be a delicate decision but we can assure you that we are **100%** confident that we can help you. With this in mind we would be more than happy to call and see you, or you are more than welcome to visit us here at our office. Our time is your time.

We feel residential management requires a personalised approach and given the opportunity, we will endeavour to familiarise ourselves with you and your property and match our service to your requirements, this is something we pride ourselves on.

The items below illustrate a number of day to day tasks that we can administer on your behalf:

***Service Charge Collection***  
***Legal Matters***  
***General cleaning***  
***Gardening***  
***Window Cleaning***  
***Decorating***  
***Maintenance***  
***Insurance Policies***  
***Annual accounts***  
***Neighbourly issues***

# HAVE YOU BEEN THE VICTIM OF MEDICAL NEGLIGENCE?

We all put our trust in the medical judgement and information we are given by qualified health professionals and practitioners, but sometimes their advice or treatment can result in things going wrong.

There are many points from the first doctor's appointment to treatment options where errors can be made, and unfortunately these cases are on the rise.

Our Solicitors specialise in all areas of medical negligence including:

- Brain Injuries
- Anaesthesia related complications
- Cancer Misdiagnosis
- Failure to treat Diabetes
- MRSA Negligence Claims
- Orthopaedic Injuries
- Child Injuries
- Birth Defects
- Misdiagnosis of Fractures
- Spinal and Neck Injuries

# THE DENTAL ACADEMY

*Bringing back your natural, confident and healthy smile with...*

## Teeth in One Day

***Using the latest technology and expertise, The Dental Academy offers the perfect solution to missing or failing teeth.***

With more than 25 years' experience in the field of dental implants, the team at The Dental Academy understands the impact that total tooth loss can have on personal confidence and quality of life.

One of the biggest fears faced by people who have lost, or are about to lose, all their teeth is the prospect of being without any teeth at all for a period of time. The "Teeth in One Day" concept alleviates this fear. Patients leave at the end of the day with a set of fixed teeth, a natural smile, and growing confidence. They find themselves looking forward to an immediately improved quality of life – all in one day.

### The Benefits

- Fixed in teeth
- Life-like natural smile
- Nothing covering the roof of the mouth
- A solution for patients who are losing teeth due to gum disease
- Often only four dental implants are required to replace a full set of teeth

A new set of teeth, fitted in one day, leaves patients smiling confidently and naturally once again.

## Vauxhall Insignia Tech Line Nav Grand Sport 1.6 (136PS) Turbo D

*When you think about buying a new car – you need to consider quite a few things before you decide to buy. For instance – is it fuel-efficient, and it does have satellite navigation; and does it come with plenty of space. Plus, will it last till the end of time. Of course, these are just a few of the things that go through a new car buyers mind – including; what will my bank account look like at the end of each month and what will all your friends & family think of it.*

*Well for once I am going to say; ‘who cares’ It’s your car so what does it matter what anyone thinks. Plus, I used to drive a Fiat Uno when I was young, and I spent most of my youth pushing the dam thing around. Saying that we ended up breaking down in some very odd places and that’s what made it more fun back then. Anyway, Let’s move on to this month’s review before I say something I might regret later about my youth.*

### **Power and Efficiency:**

My test car was fitted with a 1.6-litre turbo diesel engine that produces 136PS and a maximum torque value of 320Nm, making it incredibly good at getting a move on quite quickly – not bad then for a car that I consider to be quite large. 0-60mph also comes in at around 10 seconds and at a push it will return over 56mpg - it will honest! Max Speed is also up at 129mph. Of course, maybe diesel is not your thing anymore and you prefer to waste your time waiting for your EV to charge. Well call me picky, but when I want to go out, I want to go out. The thought of waiting around for hours to charge my main mode of transport does not appeal to me one bit if I’m being brutally honest.

### **On the road:**

The Insignia handles well – but I feel it is not as much fun to drive as it could be - although the steering is direct which is one better than most. The Insignia also feels very well put together, the grip levels are also good, and the suspension has no

problem dealing with our ever-increasing poor road network of potholes and uneven surfaces. This car was also built as a mile muncher which is where it shines. It's also very relaxing to drive and the cabin noise is very minimal, even with a strapping diesel engine fitted.

### **Interior & Technology:**

The interior is fresh, and all the buttons and dials are clear. The front seats have plenty of adjustment to them and feel well made and very comfortable. Rear legroom is also good, and the boot space is fantastic. I also like the wide boot opening - this will help facilitate getting a large item inside the boot a doddle.

So, what do you get in the form of goodies? Well, it starts with; a DAB radio with seven speakers, Driving Assistance Pack, front and rear parking sensors, cruise control with speed limiter, LED daytime running lights, LED rear lights, electronic climate control, ESP, six airbags, remote control central deadlocking with keyless start and 17" alloy wheels. This list has of course been trimmed down to fit the review, so don't worry, there is lots more I haven't even begun to tell you all about.

### **To sum up:**

The Insignia has always been a decent buy. And now thanks to many upgrades over time, it's now modern, fresh and will easily handle a large family. Forget the days of this being a sales REP motor, because this is clearly not the case anymore. The Insignia is a decent car that deserves respect. If I was in the mood for a large car, then the Insignia would be on my list of the top three cars I should be looking at.

# HOLIDAY DESTINATIONS NIAGARA FALLS & ALASKA

Jet to **Toronto** and stay overnight before travelling via rail to **Niagara Falls**.

Experience **Toronto's** incredible skyline from the Toronto harbour. Mariposa Cruises is one of Canada's largest hospitality cruise operators with a fleet of well-maintained and uniquely styled vessels, offering a range of tours at different times of day and night. The popular Scenic Toronto Harbour Tour aboard the Oriole now offers a lively and informative narrative in four languages – English, French, Spanish and Mandarin.

You can easily visit Niagara Falls from Toronto as a day trip, or stay longer and explore all that the Niagara Region has to offer.

Niagara Falls is approximately 130 km (80 miles) southwest of Toronto, an average drive of 1½ hours without traffic delays. This natural wonder of the world attracts over 14 million visitors each year.

You will stay overnight at **Niagara Falls** before once again travelling back via train to **Toronto** for an overnight stay.

Your next destination will be **Vancouver** with over 20 stops, explore Vancouver at your own pace from the comfort of an open-air bus. Arrive within walking distance of many of the renowned attractions of the city, such as the Vancouver Art Gallery and the Vancouver Lookout observation deck.

Sit back and relax as your guide shares interesting facts and tales of Vancouver's history while you take in unobstructed views from the open-air bus. You have the freedom and flexibility to create your own wish list of things to do and see.

Visit popular attractions and explore

the architecture, cuisine and local culture of districts like Gastown and Chinatown.

Take a leisurely bike ride or a horse-drawn carriage through Stanley Park. Or peruse the plentiful stalls at the Granville Island Public Market and explore a bountiful array of unique artisanal products and tasty morsels.

Located between **Vancouver** and **Ketchikan**, Alaska's inside passage is hot to some of the most breathtaking scenery on the face of the earth, 3000 foot mountain peaks meet the oceans within a mile of the shore.

Marvel at the spring wild flowers and the migration of the humpback and Killer whales. If you visit in the Autumn when the passage is ablaze with Autumn foliage, it's the perfect place to view the gathering of Bald Eagles.

## Juneau

Here's your chance to take a glacial dogsled adventure via a helicopter in Alaska's capital. A city that gracefully balances frontier ruggedness with cosmopolitan flair. Mendenhall Glacier, a river of ice measuring 1.5 miles in width and over 6 miles in length, is part of Juneau's icefield, 1500 square miles of ice that feeds 38 glaciers and ready for you to take a boat trip on it.

On this incredible holiday you will travel to **Ketchikan** known as the salmon capital of the world. You will be guaranteed to have never tasted salmon as fresh as here.

**Ketchikan** is also the ancestral home of the Tlingit people, who have carved the world's largest collection

of Totem Poles. If you're up for adventure, take a canoe and nature trail excursion through the rain forest or a wilderness exploration followed by a sumptuous crab feast you just can't resist.

You will then head back through the Alaska's inside passage enroute to stay once again at Toronto.

# Charity to Celebrate 35th Anniversary

The Neuro Therapy Centre, based in Saltney, Flintshire will be celebrating its 35th anniversary in 2020 - with lots of events and fundraising ideas throughout the year.

The charity was first formed in 1985 to support people with MS by offering Oxygen Therapy – its four founders were people who either had the condition or were Carers of people with the condition. Over the years it has expanded its support into a wide range of therapies including physiotherapy, gym facilities and counselling, as well as a social space where people can meet and support each other. In 2011 the Centre also increased the number of conditions it supports to embrace a wider range of neurological conditions including Parkinson's Disease, Fibromyalgia, Motor Neurone Disease and ME.

"The Centre has evolved over the years and we make

sure that we keep embracing change to meet the needs of people with neurological conditions and their Carers. The inspiration of our four founding members is always with us and ensures that we continue to provide a professional and friendly service to those who need us," said Jane Johnston-Cree, Centre Director at the Neuro Therapy Centre. ***"The long-term degenerative conditions we support can stop people in their tracks, leaving them without hope and having to change their lives dramatically. We are here to encourage and support a life after diagnosis and the supportive nature and caring atmosphere at our Centre shines through – it's the first thing that people notice when they walk through the door."***

The Centre will be using its anniversary year to raise awareness of its work throughout the region, across

North Wales, Cheshire and the Wirral.

Jane added: ***"We are the only Centre of our kind in this region, so it is important that we reach as many people as we can who can benefit from our services. Therefore, we are encouraging everyone that can help us spread the word about our services to do so – whether that be employers supporting their employees, partner organisations, GPs and friends and neighbours. We want 2020 to be a landmark year for the Centre and we're keen to hear from anyone that can support us."***

The charity has also planned several fundraising events to mark the special year, two of which start in January. The Centre is encouraging people to get sponsored to give up their bad habits for the month of January and join them in taking part in their

'Banuary' campaign. "We're excited to hear what people are going to give up," said Shannah Goodrick, Events and Volunteer Co-ordinator at the Neuro Therapy Centre.

*"Chocolate is a popular one so far along with alcohol, we've also heard mention of people being tempted to give up Netflix binges for the month. Whatever people choose it's great to know that they can use this opportunity to raise funds for our work and perhaps it may even lead to a permanent lifestyle change."*

The Centre's second fundraising campaign to start in January will be their 'Virtual Voyage' where people can sign-up to 'travel' part of the distance between the Centre and Tokyo in time for the launch of the Paralympics on 25th August. "We're really excited about this one," said Shannah. "The distance is 5897 miles, so it's going to be quite a challenge, but with as many people as possible contributing to cover the distance I'm sure we'll make it. People can choose how they wish to take part whether that is through swimming, walking, running, rowing, cycling or something else."

The Centre also has plans including a golf day, charity auction, and their largest ever fashion show during their celebration year – with more to be announced.

People wanting to find out more about the Neuro Therapy Centre, its

services, or its fundraising events can visit the Neuro Therapy Centre's website at [www.neurotherapycentre.org](http://www.neurotherapycentre.org) or call 01244 678619.

# What to do in the Garden in February

In frosty weather little can be done in the garden. The ground is too hard to dig or plant and the lawn should not be walked

on. Although there is very little work to do, January ushers in the beginning of a new year that is full of promise in the garden.

## English Countryside Winter Scene

Despite the low temperatures and short daylight hours, there are some useful tasks that can be done. If the weather is mild, you can still plant roses and bare rooted shrubs and trees. At this time of year a heated greenhouse has great appeal, especially when the weather is too cold and wet to work outside. The warmth of a heated cold-frame or greenhouse or even a sunny indoor window enables you to sow annuals that need a long growing season and start of those early vegetable crops. Roots of favourite herbs, can also be lifted and brought indoors, to provide fresh shoots and leaves for winter flavour.

Winter digging is necessary for beds and borders that need to be planted in early spring. The earlier this is done the better, allowing time for frosts to act and break down the soil. The longer any rough clods of soil are exposed to frost, the easier it will be to get a fine tilth in spring. While digging, it is a good idea to work in plenty of well-rotted manure or garden compost at the same time, thus improving the soil's texture and richness.

If you have planted any trees or shrubs during the winter months, check that they haven't been lifted by frost. Once lifted, they can rock in the wind and their roots will be slower to get established. Re-firm the plants by pressing down on the surrounding soil with your feet. You may also need to stake any tall or exposed plants to prevent further wind rock.

If the surface of water features or a pond has frozen solid, and particularly if it contains fish, break the ice with care. If the ice is very thick, use a little boiling water rather than a hammer, to avoid shock waves which can kill the creatures beneath.

## Planning Next Season's Garden

The long winter evenings provide plenty of time to browse through seed catalogues and plan new projects in the garden. Late January to early February is an ideal time to visit garden centres to buy seeds, tubers and bulbs for the coming season. If you are ordering products from a seed catalogue, or over the internet, it should be done as early as possible or they may arrive too late for their proper sowing or planting dates.

## Maintain and Check Garden Tools and Equipment

Make sure that mechanical equipment such as mowers, rotovators, edgers, strimmers and hedge trimmers are in good working order. If any need repairing or sharpening, take them in for servicing by a professional.

## Amazing offers to keep you warm this winter!

### CUSTOMER RECOMMENDATIONS

#### Farrar - Greasby

"Both Alison and I would like you to pass on our thanks and best wishes to all of those involved at Elliott Build & Glaze Ltd in this project, as they have been very attentive and professional, as well as personable, throughout the project."

#### Forshaw/Murray - Bebington

We are very happy with all the work and the high standard that was attained.

#### O'Mally - Meols

"Scott and the team certainly gave us best in class service whilst they worked on our extension, kitchen and bathrooms. They kept us informed all the way and worked around our diaries to deliver the programme on time. We highly recommend them to anyone.

# Healthy, natural-looking, skin...

We understand your skin – and we know how to keep it looking the best it can.

If you see skin imperfections, we see an opportunity to help unveil your inner beauty.

Principled Aesthetics is run by a highly experienced team of NHS-trained doctors and nurses who have all specialised in dermatology. We provide a comprehensive clinical assessment service and will work with you to develop a treatment plan to meet your needs.

Many skin conditions don't represent serious health risks, but we understand that they can have an effect on your self-confidence and the way you face the world. The same can be said for the ageing process – it happens to us all, but there are ways to keep your natural glow and minimise lines and wrinkles to ensure that you really do look the best you can, whatever your age.

That's why we are here to help you.

We offer exclusive, state-of-the-art dermatology treatments from dermatologically trained, experienced specialists.

Our doctors are friendly, helpful and will always do what they can to get you the best outcome. We are driven by the belief that people are happier when they feel comfortable in their own skin.

### Some of the treatments we offer are:

- ❖ Skin rejuvenation and wrinkle reduction to suit every pocket
- ❖ Blemish (e.g. thread veins, port wine stains) and minor lesion removal
- ❖ Permanent sweat reduction
- ❖ Permanent hair removal

*Get in touch today to find out how we can help you have the best possible skin.*

# CAMRA WIRRAL PUB TRAIL

SAUGHALL MASSIE – MEOLS – HOYLAKE – WEST KIRBY, 5 PUBS. 7 MILES ON COUNTRY ROADS, SEA FRONT & BEACH

Start at the **Saughall** in Saughall Massie. This is a spacious country pub, with good food and a range of Thwaites beers in a quiet semi-rural area. A well designed outside area means that this is one of the Wirral's best beer gardens and with a play area for the children provides a lovely environment for a nice lazy summer's day for the whole family.

Leave the pub and turn left along Saughall Road and after a few yards turn left onto Garden Hey Road. Continue for about ½ mile and when you reach the main road turn left and then immediately right into Carr Lane. Follow this

quiet road which becomes narrower with housing on your right and open country side behind the hedge on the left. After just over ½ mile when you reach the railway line, follow the road to the left for another ¼ mile until turning right to cross the railway by the level crossing, taking extreme care to cross safely. Continue along Carr Lane and when you reach Park Road follow the road to the left until you reach the housing on the edge of Meols. Turn right down Bennet's Lane and continue to the sea front where the road turns left to become Meols Parade.

Follow the road with the sea wall immediately on your right for 1¼ miles. A few hundred yards after the Lifeboat station, turn left up Trinity Road. Take the third turn on the right, Back Seaview and at the end you will see the **Plasterers Arms**. This welcoming cosy pub is a reminder of the old fishing community, sadly long

gone. The pub has interesting decor including a mirrored ceiling. There are three real ales on hand pump.

Turn left out of the pub and then left again along Grove Road returning to Trinity Road where you turn right and continue until the end of the road. Turn right along Market Street and after 100 yards you reach the **Ship Inn**. This popular town-centre pub was first licensed in 1754. Although modernised in recent

years with a single L-shaped bar area, old beams have been retained in the back lounge. There is a large secluded garden at the rear. Good value bar meals are served every lunchtime. Beers include Brimstige Trappers Hat and Timothy Taylor Landlord plus a changing range of three guest beers.

Turn left from the pub and continue along Market Street until you reach a large roundabout where you turn right along King's Gap. At the Green Lodge Hotel turn left along Stanley Road and continue for ¾ mile keeping the Royal Liverpool Golf Club on your left. At the end on the road walk down to the beach and follow the footpath on your left along the beach. There are views across the Dee estuary to Hilbre Island and North Wales. After just under 1 mile the beach opens up and ahead of you on the left there are some steps which take you up to the road. Turn left along Riversdale Road and continue to the main road at the end.

Opposite and to the right you will find the **West Kirby Tap**.

Refurbished and reopened by Spitting Feathers brewery in May 2014, this is a smart modern open bar with plain wood panelling and bare brick walls. Eight hand pumps dispense a regularly changing range of beers including those from Spitting Feathers and often from other local breweries. One real cider is also usually available. Good quality food is served all day.

Leave the pub and turn left along Grange Road, passing the station on your left and continue up the main road for a further 300 yards to reach the **White Lion** on your left. This is a traditional local free house in a 200 year old sandstone building, a warm, welcoming retreat especially in the colder months with a real fire by the bar or for the summer there is a large garden at the rear. Beers from Black Sheep and Courage plus an ever-changing range of guests is on offer. Good value lunchtime meals (not Sunday).

Turn right out of the White Lion and head back down the road to West Kirby station to catch a train or a bus home. There are good bus connections to most parts of the Wirral.

CAMRA WIRRAL USUALLY MEETS AT 8.30PM ON THE SECOND THURSDAY OF EACH MONTH IN THE UPSTAIRS ROOM IN GALLAGHERS PUB.

# 6 fresh new ways to enjoy potatoes

**P**otatoes are the vegetable that take breakfast, lunch, dinner and snacks to the next level of yum. They are quick to disappear but also quick and easy to buy, prepare and serve. Not only are potatoes uber satisfying, but research published also shows that when prepared healthfully, they can be a part of a weight loss programme - just call them the 9th Wonder of the World. If you're looking for flavourful and nutritious dishes that can be part of your weight management plan this new year, then look no further.

**Here's a little inspiration for potato dishes sure to become favourites in 2016:**

**DIY POTATO CHIPS:** *This is a super easy and delicious recipe.* Boil a russet potato and a few purple potatoes for 5 minutes, drain, dry and cut into thin slices. Toss the freshly cut slices in one beaten egg white. Spray a non-stick pan with cooking spray and evenly space the chips throughout the pan. Bake slices at 400 degrees F for 35 minutes, turning halfway through. Top chips with sea salt or a sprinkle of bleu cheese.

**SEASON WITH NEW FLAVOUR FAVOURITES:** Spice up your baked or roasted potatoes with healthy toppings that really raise the bar on nutrition and flavour. Start with a plain, thick and creamy yogurt and a good source of protein. If you're serious about spice, try adding a tablespoon of Sriracha and orange juice to a half-cup of your yogurt, mix, and add a dollop to your potatoes. Love a Mediterranean flair? Top your potatoes with Greek yogurt mixed with lemon, garlic, roasted red peppers and oregano.

**WHOLESUME MASHED POTATOES:** Mash your potatoes with a low-fat spread, Greek yogurt or skim milk for that creamy, delicious texture you love, without all the extra calories.

**SLIM-BELLY BAKED POTATO BAR:** Families will love a baked potato bar. Top a baked potato with ground turkey, salsa and light sour cream for taco night, or top your potatoes with tomato sauce, turkey pepperoni, Italian blend shredded cheese and other veggies for a pizza-style delight.

**GRILLED POTATOES:** Potatoes are the perfect addition to your garden barbecue menu. Grilling potatoes adds a unique flavour you can't get from the stove or oven. Create your own spud rub with onion powder, lemon pepper, paprika, sea salt and ground cumin and coat potatoes with a little extra virgin olive oil. Place the potatoes on a grill rack or basket, and within 15 minutes, you'll have yourself the most spectacular side dish.

**CUSTOMIZE A NUTRITIOUS BREAKFAST HASH:** Drizzle a tablespoon of extra virgin olive oil in a skillet and add diced potatoes (fresh, frozen or refrigerated) with bell pepper and onion, cover and cook on medium heat for 10 minutes. To serve with soft-cooked eggs, use a spoon and make 4 shallow depressions in the hash and carefully crack an egg into each hollowed-out spot. Cover the pan and cook eggs for 5 minutes, or until the whites are set and yolks are still runny, then serve immediately. Alternatively, scramble four eggs and top your hash. For a final touch, top with hot sauce or a sprinkle of tarragon, salsa or chimichurri sauce.

One medium-sized skin-on potato has just 110 calories and contains 45 percent of your daily value of vitamin C.

On its own, a potato contains no fat, no sodium, no cholesterol and has more potassium than a banana. For more potato recipes, visit [PotatoGoodness.com](http://PotatoGoodness.com).

## NESTON METHODIST CHURCH

ANNE JONES

Information and advice for the

Over 60's

Telephone: 0151336 8388

*We have completed our first year as AGEMATTERS CH64 and can report growing success.*

Our Committee has worked well over this period and, with the invaluable support and partnership of Neston Methodist Church we continue to reach out to the Senior Citizens in the Neston (and wider!) area.

Anne Jones and Jackie Gorman continue to provide support and advice on the ever growing issues which we face and to establish a strong network of policies, resources, advice and support for the local community.

Applications for Attendance and Carer Allowances have increased and we are very successful in obtaining these for our clients. Blue Badge applications are also successfully implemented.

On average up to 20 clients are received and supported each month - showing that there

is a growing and continued need for our Services.

As a community Charity we have been pleased to accept donations and thanks from our community.

As we move into the next decade we are seeking to expand our directory of people and services to further support our activities. We welcome any support and advice - *please contact us: 0151 336 8388 or 07714256197.*

The TEAPOT provision has also seen a New Year change as they have set up as a Community Charity within the Church facility. This has allowed them to operate with continuity and will provide a secure base for long term provision.

## WELL DESERVED ROTARY HONOUR

A long-standing past President of The Rotary Club of Birkenhead has been presented with a Paul Harris Fellow award. Rotarian Bill McCutcheon is pictured centre front holding his citation.

Bill is pictured with from the left Birkenhead Rotary President Steve Lander, Assistant Governor Paul Dutton and Fran McCutcheon, who herself has both supported Bill in his Rotary work but also the Inner Wheel Club of Birkenhead for many years.

## THANKS FOR PUBLIC SUPPORT

Santa is pictured with his new sleigh, provided by Birkenhead Rotary, together with his helpers from the club, who also assisted Santa to raise funds for the Wirral Hospital's charity. The sleigh also made trips to a number of community organisations, including Claire House and the Mayor's Tea Dance. Birkenhead Rotary Club members also warmly thank the Sainsbury's Stores at Prenton and Upton, Tesco, Bidston and other venues where public collections were undertaken in aid of Rotary supported charities and organisations.

## FRIENDS OF HADLOW ROAD STATION COMMUNITY GROUP

The additional Hadlow Road Station platform sign has been refurbished and work to fit it is well underway; just awaiting the two posts drying out.

A boundary sandstone marker post with the inscription "L and NW joint GWR RWC" has very kindly been donated to the station, and will be fitted by the new fence at the east side of the south platform.

The Hadlow Road Station model railway is being collected from Birkenhead Model Railway Club in a couple of weeks and work is well underway to create a large table (8ft by 2ft) on which this display will sit inside the signal box, against the window by the viewing platform.

At the pop-up-cafe opening on 26th January there will be a formal handover of two new Hadlow Road Station signal box signs consistent with the original designs. The two signs will be fitted on both the east and west sides of the signal box, and the old sign removed.

Santa's Grotto in December 2019 was a huge success. Santa walked down the platform talking to all the waiting children, before entering his Grotto. The steam train traction rides around the car park were very popular once again with a total of 220 children and adults enjoying this ride. In addition, 36 children enjoyed their face painting whilst the balloon man was kept very busy all afternoon creating and giving away balloon animals. The cafe served in excess of 340 customers with drinks and goodies. All this to the accompaniment of music from Simon-le-Barber, Hadlow Green Singers and Riversign Choir.

*The next Pop-up-Cafe will be January 26th and February 23rd from 10.30am to 1.30pm*

# 'ENJOY A NEW HOME FOR THE NEW YEAR' AT HESWALL CARE HOME

A care home in Heswall is inviting anyone who is contemplating moving into a care home for the new year to come and find out all the benefits the move can bring to their lives.

The Hazelwell, a residential, nursing, palliative and respite care home on Oldfield Road, says that finding the right care home for yourself or a loved one is a big decision but once the correct one has been found it should feel like a happy home-from-home.

January is usually a popular time for people to start seeking out a care home and The Hazelwell care home manager Sue Ball said: "Firstly people often put these things off until Christmas is over, it's a new-year-new-home thing.

"Secondly, in the winter months often people find they get more poorly with winter bugs and a slow recovery might be the trigger that makes them think that they could do with living somewhere with a little bit more round the clock help on hand."

Whatever the reason for the move, Sue says that the move into a care home should not feel like a total upheaval if it is into the right home. "Here at The Hazelwell we aim to go above and beyond to make all residents feel as comfortable as possible," she added. "But especially our new residents. It's important that they have their much-loved home comforts and own routines."

The Hazelwell itself is well equipped to look after the needs of any resident with 55 tastefully decorated en-suite rooms, spacious communal lounges, private secure gardens, specialised gym, and stunning rooftop terrace on which to socialise, home cinema room and library.

Personal grooming is well catered for at The Hazelwell with on-site rooftop salon as well

as a mini-bus and chauffeur-driven car to ferry residents into town.

The Hazelwell activities co-ordinator Sandra Clarke crafts a full and well-rounded programme tailored to the residents' interests and health needs, as well as the season. Dancing, gardening, summer fairs, arts, crafts and social events are all catered for at the home.

With the on-site head chef and his team providing high-quality food which can be tailored to residents' own nutritional needs, The Hazelwell really does take care of every aspect of each individual's personal wishes.

Sue added: "We run The Hazelwell as a real home-from-home and we care deeply for all our residents. Often our residents tell us they are so happy to feel safe and cared for, and enjoy being part of our family. Nothing could make us feel happier than hearing that."
